

# Guillian VIBERT-VALLET

## JOB OBJECTIVE

I am a second-year university student in computer science. My goal is to improve my programming skills and develop front-end and back-end skills. As an excellent designer, I can provide a new vision on websites, new creations! I am also a good developer, I can easily develop in C#, C++, C to make useful apps, games, and many other applications.

## PROFESSIONAL EXPERIENCES

- 2018-2019 **Town hall (Albertville, France): Winter attraction park**  
I supervised the ice rink, the sledges attraction.  
I distributed ice skates to customers.
- 2018-2019 **Les Amis du Cinéma (Cultural organization): Movie theatre**  
Summer job:  
- I supervised the entrance and cleaned the screening rooms  
- Every morning, from 8 to 12, I cleaned the entire theatre. In the afternoon, my goal was to check the customers' tickets (4 times a day).  
- I took care of the re-fill of the vending machine.
- 2016-2017 **Town hall (Albertville, France) Communication department**  
Summer job:  
- Wednesdays, Thursdays and Fridays: I shared a lot of flyers in the local region (Savoie)  
- Mondays and Tuesdays: I worked in a medieval city with a paladin costume. I Greeted tourists and explained them how the city works and was built.  
- Saturdays and Sundays: I helped the town hall organize events like the Jazz festival.

## EDUCATION AND QUALIFICATIONS

- 2018 -2020 **DUT INFO**  
  
IUT- University of Savoie (USMB)– Annecy-France  
2-year University technical diploma in computer engineering. Topics: Web programming, POO (programming-oriented object), database (SQL, ORACLE)
- 2015-2018 **BACCALAUREAT TECHNOLOGIQUE STI2D SIN**  
  
High School diploma specialized in science, technology and computer engineering. With honors. Topics: network, physic, math, engineering
